

Business Logo Sign Details

Mainline

Ramp

Mainline And Ramp Business Sign

The mainline and ramp business signs shall be fabricated from a single sheet of .080" thickness, 6061T6 aluminum. The aluminum shall be treated before applying the reflective sheeting in accordance with the KTC Standard Specifications.

Reflective Sheeting

Type II Encapsulated Lens Sheeting (High Intensity) shall be applied with mechanical equipment in accordance with the manufacturers' specifications.

Logo Art Designs

All logo art designs must be approved by KTC. The minimum letter size for mainline business logo signs is 10" and 6" for ramps except that any legend on a symbol or trademark shall be in proportion to the size of the symbol or trademark.
